50 CENTS PER MONTH

TROOPS MAKE READY FOR CUBA

United States Backs Up Warn-
ing to Island Government By
Mobilizing Forces

REVOLUTION MUST END
OR U. S. WILL INTERVENE

Gomez Struggles to Suppress
Trouble—Reactionaries
Are Defiant

WASHINGTON, Jan. 17.—Two
thousand marines, four thousand
bluejackets and six regiments of in-
fantry have been ordered to be in
readiness to sail for Cuba to aid
President Gomez to suppress the
threatened revolution. Gen. Wood,
chief of staff, refused to state where
the troops are mobilizing, but ad-
mitted that orders had been issued.

Preparations Rushed
WASHINGTON, Jan. 17.—Prepara-
tions are being rushed by the army
and navy authorities for the immedi-
ate occupation of Cuba if necessary,
which is doubted. It is believed that
the state department's threat to oc-
cupy the country unless peace is re-
stored, will be effective. Assistant
Secretary of the Navy Winthrop says
that the South Atlantic squadron
now at Guantanamo could surround
the island immediately.

Cuba Reactionaries Defiant
HAVANA, Jan. 17.—President Go-
mez has conferred with the leaders
of the "Veteran's movement" and
other political parties regarding a
reply to America's warning. An
effort is being made to conciliate the
reactionaries, who plan resistance to
American invasion if necessary. Gen-
eral Nunez, leader of the reaction-
aries said: "If the Americans invade
Cuba, we will fight them as we fought
the Spaniards."

ULTIMATUM ISSUED
TO GUEZ GOVERNMENT
WASHINGTON, Jan. 17.—Presi-
dent Taft has served notice on the
republic of Cuba that unless Presi-
dent Gomez can suppress the threat-
ened rebellion of the veteran or-
ganization which is seeking to over-
throw the Gomez government, the
United States, under the terms of
the Platt amendment, will be obliged
to send a military force to preserve
order on Cuban soil.

The President's ultimatum to an-
effect, together with the note of An-
thony M. Baupre, United States min-
ister to Cuba, setting forth the se-
riousness of the situation, were given
out at the State Department yester-
day.

A fleet of four army transports is
now in readiness at Newport News
to sail for Guantanamo and within
a few days twenty thousand troops
can be put aboard it with which to
enforce the ultimatum.

In addition to this, the Atlantic
fleet is now at Guantanamo and can
be mobilized in any Cuban port
very speedily. From this fleet it
would be easy to land a fighting
force of four thousand marines and
bluejackets.

As soon as it was known that the
ultimatum had been issued, men con-
versant with Cuban affairs expressed
the belief that if the American flag
is again raised in Cuba it will re-
main there. Such an intimation, in
fact, was served on Cuba the last
time occupation of the island by
American arms became necessary.

**PLOT TO SLAY
ROYAL FAMILY**

Scores of Arrests in Pekin—
Rumor of Abdication on Fri-
day—Prince Ching Willing

PEKIN, Jan. 17.—Scores of arrests
have followed the discovery of a plot
to assassinate the members of the
entire royal family. The authorities say
they have unearthed evidence proving
the existence of plans to poison or
slay them.

Wives Singing Kept Him Awake at Ship's Wheel

SAN FRANCISCO, Jan. 17.—
After a ten-days battle with a
gale, during which Mrs. Carrie
Scott, the captain's wife, sang to
keep him awake while he was
lashed to the wheel, the lumber
schooner A. C. Thayer is in dock
here, waterlogged to the deck
line.

The crew used the pumps con-
tinuously during five days, work-
ing for the last two days with-
out food.

The vessel was towed to port
by the steamer J. B. Stetson.

Bulletins of News

THE WEATHER
Fair tonight; cloudy Thurs-
day; light west wind.

Sweden Considers
Suffrage for Women
STOCKHOLM, Jan. 17.—A bill was
introduced in the riksdag yesterday
granting the franchise to women. It
also makes them eligible to mem-
bership in the riksdag.

Mantell Marries
For the Fourth Time
PUEBLO, Colo., Jan. 17.—Robert
Bruce Mantell, the actor, was mar-
ried here yesterday to Miss Gene-
vieve Hamper, an actress in his com-
pany. The affair was conducted with
the utmost secrecy, but it leaked
out. This is Mantell's fourth mar-
riage.

100 Federals
Defeat 300 Zapatistas
CUERNAVACA, Mexico, Jan. 17.—
A force of 100 state troops defeated
300 Zapatistas, led by Eufemio Za-
pata, between Cuernavaca and Huix-
tlan, Morelos, Monday. Three Za-
pata leaders were killed.

Home Telephone Co.
Would Sell Bell Holdings
BERKELEY, Jan. 17.—The Home
Telephone Company has petitioned
the city council for permission to
sell the Berkeley holdings of the
Bell company. No action was taken.

Government Ownership
Indorsed by Mine Workers
INDIANAPOLIS, Jan. 17.—Govern-
ment ownership of all industries was
advocated in a resolution unanimously
adopted at the convention of United
Mine Workers. It was introduced by
Philip Burgh, of Manifold, Pa.

CARDINAL FARLEY IS WELCOMED HOME

Marvelous Demonstration For
Prince of Church as He
Returns From Rome

NEW YORK, Jan. 17.—One hundred
thousand loyal Catholics welcomed
Cardinal Farley returning from Rome
on the Atlantic liner Berlin. Five hun-
dred of the receiving party under Jus-
tice Dowling of the State Supreme
Court met the liner in the steamer
"Roseland" where luncheon was
served. Cardinal Farley presiding. The
party landed at the battery and the
procession marched to St. Patrick's
cathedral where Cardinal Farley ad-
dressed a double line of men wearing
scarlet neckties and women wearing
scarlet rosettes cheered the proces-
sion. Twelve hundred police guarded
the progress. Hundreds dropped to
their knees in the snow to receive the
Cardinal's blessing. Seven hundred
priests participated in the cathedral
services.

CARDINAL O'CONNELL
SAILED ON THE "CANOPIC"
NAPLES, Jan. 17.—Cardinal O'Con-
nell has sailed on the Boston steamer
"Canopic." He was escorted to the
docks by the church dignitaries.

WOMAN ELECTED TO
DUBLIN COUNCIL
FOR THE FIRST TIME

DUBLIN, Ireland, Jan. 17.—In the
city election just concluded an in-
teresting feature was the fact that for
the first time a woman was a candi-
date. For some years women have had
the right to vote for members of the
city council, but hitherto no woman
ever sought to be either alderman
or a councillor.

Miss Sarah Cecilia Harrison, had on
her side the most remarkable com-
bination of parties ever seen here.
A member of the Protestant church
herself, she was presented by priests
and Nationalists, and she also had
many Unionists supporting her candi-
dacy. Her philanthropic work brought
her the support of the poorest workers
on the register, while rich merchants
supported her as bringing a new spir-
it of anti-jobbery into city affairs. She
had against her the usual type of
candidates from the Unionist and Na-
tionalist sides.

WILL ASK CITY FOR TWENTY CONCERTS

Committee Will Petition Trus-
tees to Provide For Sum-
mer Music

MEETING HELD
TO BOOST PLAN

Matter to Be Presented to the
Municipal Board at Its
Next Meeting

As the result of a meeting of citi-
zens last night at the Chamber of
Commerce rooms the City Trustees
will be petitioned to provide for twen-
ty band concerts during the summer
months. The petition is to be pre-
pared and circulated for signatures, and
those who are backing the proposition
expect to get hundreds of signatures.

Those attending the meeting were
W. L. Grubb, E. A. White, A. C. Tiede,
G. W. Minter, C. W. McNaught, W. B.
Tedford, Dr. Dobson, Dr. A. R. Her-
vey, C. P. Kryhl, W. D. Baker, John
Taylor, E. B. Smith, W. A. Zimmer-
man, E. P. Stafford, J. W. Harris, Har-
ry Hansen, E. M. Galbraith, C. C.
Nuckolls and W. F. Harris. The last
four named represented the Santa
Ana Band.

It was stated that \$1000 was neces-
sary to carry out the project to have
a long season of summer concerts,
which have never failed to be very pop-
ular and an attraction to the city.

A number of addresses were made
after the meeting had organized by
electing A. C. Tiede chairman and W.
A. Zimmerman secretary. All of those
who spoke were favorable to having
the city pay for the concerts. The gist
of the talks is that practically every-
one attends the concerts, that the most
equitable way to pay for them is
through general taxation. Those
present thought the fairest method
was to have the expense met by the
city.

The committee appointed to draw
up and circulate the petition that is
to be presented to the city trustees is
Zimmerman, chairman; Tiede, Min-
ter, Tedford, Baker, McNaught, Dr.
Dobson, Wryhl, Smith and Stafford.

SAME HEADS FOR HARVESTER TRUST

Lowe Says Steel and Other
Trust Forces Control Big
Corporation

WASHINGTON, Jan. 17.—That the
same forces dominating the steel,
banking and other trusts are com-
pletely in control of the Harvester Trust
was the assertion of J. F. Lowe, rep-
resenting the independent harvester
concerns, before the House rules com-
mittee. He told the committee he
sought former President Roosevelt's
support for a resolution to investigate
the Harvester Trust, calling at his
offices in the Outlook.

"He put me off," said Lowe, and
told me to call later. Ten days later
I got an indirect answer by reading
articles in the New York papers in
which Roosevelt gave the steel trust
a clean bill of health but condemned
the Standard Oil and tobacco trust.

The harvester trust is operated by half
a dozen directors in the steel trust and
the National City Bank of New York.
The witness then declared that the
harvester trust makes a profit of 10 to
150 per cent on its products. He
charged that the steel trust gave the
harvester trust rebates on supplies
purchased and that the Chicago Belt
Line had aided the trust by delaying
shipments to other concerns.

He stated that he had not appealed
to the Department of Justice because
that department chloroforms every
trust investigation movement.

**KING ALFONSO POPULAR
BY PARDON OF CORRAL**

MADRID, Jan. 17.—The action of
King Alfonso in commuting the sen-
tence of Chato, or Corral, the leader
of the Cullera revolutionists, has
made him the most popular man in
Spain today. The newspapers are
generally enthusiastic in their praise
of his majesty's conduct.

**RUSSIA PLANS PEACE
OF ITALY AND TURKEY**

FLAMES RAGE IN CITIES OF TWO COUNTRIES

New York Suffers Million and
Quarter Fire Near the
Water Front

WANAMAKER AND GIMBEL
CONCERNS SUFFER MOST

Osaka, Japan, Has Forty Thou-
sand Homeless From Mon-
ster Conflagration

NEW YORK, Jan. 17.—A fire in
the Terminal Storage Company's
seventy-story warehouse between
Twenty-seventh and twenty-eighth
streets, near the water front, has
caused damage of a million and a
quarter dollars. The greatest loss is
to Wanamaker and Gimbel Bros.
Goods worth eight million dollars be-
longing to Wanamaker were saved.
All available fire apparatus, assist-
ed by five fire-boats, was used in
combating the fire, which started in
the cutting room of a tailor shop on
the ground floor of the Knicker-
bocker Trust Company's twenty-two
story building, which suffers a loss
of \$100,000. The Knickerbocker
vaults were threatened for more
than an hour.

**FORTY THOUSAND HOMELESS
IN GREAT OSAKA FIRE**

OSAKA, Jan. 17.—That forty
thousand people have been
rendered homeless, six thou-
sand houses destroyed, are the
latest estimates of the recent
great fire in this city which
was controlled only after an all
night fight. No estimate of the
property damage has been
made but it is known to be of
the heaviest.

**McMANIGAL ENLARGES
ON FORMER CONFESSION**

INDIANAPOLIS, Jan. 17.—Orrie
McManigal resumed his testimony
before the federal grand jury today.
It is believed he has enlarged upon
the confession given W. J. Burns im-
plicating twenty laborites in the Mc-
Namara dynamiting. McManigal will
probably conclude today. It has not
been learned whether he will be re-
turned to Los Angeles to testify or
not.

McManigal detailed the dynamit-
ings in which he alleges the McNa-
mara and other leaders were im-
plicated. He was closely questioned
regarding the explosions in Buffalo,
Hoboken, Cleveland, Detroit, McKees
Rock, Pa., Omaha and others. He
gave the names of alleged conspira-
tors. The government officials say
the dynamiting probe will end this
week. Indictments are probable.

It has been learned unofficially
that the government intends to de-
lay the trial of the men involved un-
til spring. It is reported that many
indictments have already been pre-
pared.

**FRANKLIN PLEADS NOT
GUILTY IN BRIBE CASE**

LOS ANGELES, Jan. 17.—Judge
Willis today denied both motions to
set aside information charging Bert
H. Franklin, the former detective for
the McNamara defense, with bribery
of Juror Bain, and the attempted
bribery of prospective juror Loca-
wood in the McNamara trial. After
the courts decision Franklin pleaded
not guilty to both charges. The trial
date was set for February 27.

**HARPER'S WEEKLY'S AID
INJURES, SAYS WILSON**

NEW YORK, Jan. 17.—The
current number of Harper's Weekly
contains the following editorial an-
nouncement:
"The name of Woodrow Wilson as
our candidate for President was taken
down from the head of these col-
umns in response to a statement
made to us directly by Governor
Wilson to the effect that our sup-
port was affecting his candidacy in-
juriously.

"The only course left open to us in
simple fairness to Mr. Wilson, no
less than in consideration of our
self-respect, was to cease to advo-
cate his nomination."

NEW PUMPING PLANT

WHITTIER, Jan. 17.—An auxiliary
pumping plant to cost \$10,000 is soon
to be installed for this city. It was
ordered by the trustees Monday
night.

The city owns six acres of water
bearing land bordering the San Ga-
briel river, about two miles from
the city, where wells already sunk pro-
vide water for city use, and it is on
this tract that the supplementary
plant will be installed.

TAFT URGES ECONOMY IN U. S. GOVERNMENT

Embodies Report of Economy Commis-
sion in Message—Would Abolish
Revenue Cutter Service

WASHINGTON, Jan. 17.—In his
message to congress on progress
made in the inquiry into the efficien-
cy and economy of methods of trans-
acting public business, President
Taft, after setting forth the need for
such an inquiry, says the commis-
sion appointed to make the inquiry
under an appropriation of \$100,000
for the purpose, will make a series
of three reports. The first will deal
with "the manner in which the ser-
vices of the government should be
grouped in departments," a matter
the President deems of the utmost
importance. He says: "Only by
grouping services according to their
character can substantial progress
be made in eliminating duplication
of work and plant and proper work-
ing relations be established between
services engaged in similar activi-
ties."

Some Recommendations
The President further says: "The
second and third series of reports
deal, respectively, with the organiza-
tion and activities of particular ser-
vices, and the form of organization
for the performance of particular
business operations."

"One of the reports of the second
series is upon the Revenue Cutter
Service, which costs the government
over two and a half million dollars
each year. In the opinion of the
commission its varied activities can
be performed with equal, or greater,
advantage by other services. The
commission, therefore, recommends
that it be abolished. It is estimated
that by so doing a saving of not less
than \$1,000,000 a year can be made."
"Another report illustrating the
second series recommends that the
Lighthouse and Life-Saving services
be administered by a single bureau
instead of as at present by two bu-
reaux located in different depart-
ments. It is estimated that consoli-
dation would result in a saving of
not less than \$100,000 annually."

"In a third report the commission

has recommended the consolidation
of the six auditing offices of the
Treasury and the inclusion in the au-
diting system of the seven naval of-
ficers who now audit customs ac-
counts at the principal ports, result-
ing in an immediate saving of at
least \$135,000 annually.

General Technical Services
"A third series of reports is being
prepared on those branches of the
organization which are technical in
character and which exist for the
service of the government as a whole
—branches which have to do with
such matters as public printing,
heating, lighting, the making of re-
pairs, the providing of transporta-
tion, and the compilation of statistics
where mechanical equipment is es-
sential."

In his message the President recom-
mends the abolition of certain
useless local offices of the govern-
ment, and classifying all the local
officers under certain main depart-
ments; he urges a more strict appli-
cation of the civil service; a suit-
able plan for retiring the superan-
nated employees of the government;
efficiency of personnel; business
methods; reductions in the cost of
handling and filing government cor-
respondence now amounting to near-
ly \$5,000,000; the use of labor sav-
ing devices; the reducing of costs in
insurance and travel expenses of
government employees; the adoption
of a budget as a part of the annual
program of congress, and the prob-
ing of dozens of sources of expense
to the government. He urges the
continuance of the commission with
proper appropriation that the matter
of economy and efficiency may be
thoroughly sifted.

In closing, the President states
that the efficiency commission's cost,
according to the present rate of ex-
penditure, is \$130,000 annually, and
asks that the appropriation be raised
to \$200,000, with \$50,000 extra for
publication of the commission's find-
ings.

FREDERICKS NOW ENROUTE FOR HOME

Return Gives Rise to Rumors
of More Indictments—Con-
nors' Defense Gets Busy

LOS ANGELES, Jan. 17.—It is ru-
mored that District Attorney Fred-
ericks is en route home from Indian-
apolis, where he expected to spend
several months. His return is re-
garded as significant in view of the
apparent delay of the county grand
jury's report. Indictments are gen-
erally predicted.

Sessions Resume Tomorrow
The county grand jury will resume
its sessions tomorrow and there
are current rumors of possible in-
dictments.

**CONNORS DEFENSE TO TRY
TO IMPEACH TESTIMONY**

The defense in the case of Bert
H. Connors, charged with complicity
in a plot to dynamite the Hall of
Records, has announced that it will
endeavor to impeach the testimony
of the star witnesses of the prosecu-
tion, John Mansel Parks and Jo-
seph Bishop, who gave details of the
alleged plot. Connors testified in his
own behalf.

Martin To Be Aerial Messenger To Mayors

Los Angeles Examiner: An aerial
messenger will be used tomorrow by
Manager Dick Ferris to deliver in-
vitations for the international avi-
ation meet which opens at Dominguez
field Saturday afternoon, to the may-
ors of the cities and towns near Los
Angeles. Glenn L. Martin will be
the man-bird to whom will be given
the job as "Twentieth Century Mes-
senger Boy." Martin will use his 80
horsepower Martin-Curtiss biplane
for the trip and will carry a sepa-
rate letter of invitation to the may-
or of each city he is to visit.

Beginning with Santa Monica, Mar-
tin will fly to Ocean Park, Venice,
Long Beach, Santa Ana, Pasadena,
Ventura, Oxnard, Montevia, San Ga-
briel, Glendale, Glendora and Alham-
bra. Martin estimates that it will
take him almost a full day to finish
the job after rising from Dominguez
field. His actual flying time will be
hardly more than a couple of hours,
but it is the landings and starts that
will consume time, in addition to
having to spend a half hour or so

with each executive he visits.
"I hit on the aerial messenger
scheme," said Ferris last night, "be-
cause letters of invitation and tele-
grams are so common. We wanted
something unusual and in keeping
with the general plan of the coming
meet. The flight which will be made
by Martin will be almost as difficult
as the task of winning some of the
cross-country races in Europe last
summer. Martin is a particularly ac-
curate flyer and his work in the
"man-hunt" a few days ago, showed
me he was the man for the job."
"All records for cost of messenger
service will be broken when Martin
finishes his trip. It will cost us
about fifty dollars a letter for the
messenger service. But it is a cer-
tainty that the "boy" will not read
dime novels or go to sleep on the
way round."

Howard Gill and Phil Parmelee
asked Ferris to divide up the mes-
senger job, but it is the manager's
idea that it will be more novel to
have the entire lot of letters deliv-
ered by one man.

GRAND JURY'S REPORT IS FILED

In General, County Officials
Receive Commendation
For Books

DOESN'T LIKE THE
CITY'S BALANCES

Urges \$50,000 Bond Issue For
Poor Farm and County
Hospital

At 2:30 o'clock this afternoon the
grand jury made its report and was
discharged. In general the county
officials are commended for the man-
ner in which their books are kept.

The most interesting recommenda-
tion of the grand jury is that the su-
pervisors call a bond election for
\$50,000, of which not over \$20,000
shall go for a poor farm and \$20,000
for a county hospital. The present
system of caring for indigents cost
\$31,149.49 in 1911. The grand jury
says a poor farm and county hospi-
tal would save the county a good
many thousands of dollars.

The grand jury protests against be-
ing known as a "joke." It states
that its work is done in earnest for
the people, and great good would
follow if officials paid more atten-
tion to grand jury reports.

The practice of having some other
physician than the county physician
do the surgical work for the county
is condemned.

Supervisors are urged to keep
hedges at corners well trimmed, and
Supervisor Struck is urged to re-
move the hedge at the southwest
corner of Main and Chapman streets.

Among recommendations are:
That the county buy drugs by bids,
that the heating system of the court-
house be changed to be heated in
sections, that the attention of im-
migration officers be called to the in-
flux of indigent and criminal Mexi-
cans, that the horticultural commis-
sioner keep a set of books, that cer-
tain roads be improved, that the Yor-
ba bridge and a bridge near the
Hewes ranch, a bridge near Ana-
heim in section 35, a bridge below
Arch Beach and one between El
Toro and San Juan Capistrano be re-
paired.

The business methods of boards of
education over the county are con-
demned as wasteful and neglectful.

The attention of the grand jury
was called to the fact that at Orange
there were instances where articles
were bought from the city officials.
This matter was turned over to the
district attorney.

Most of the cities were commended.
Santa Ana was condemned.
There was nothing to show that
the books of the clerk and treasurer
have been balanced in years. The
trustees are urged to look with more
care to the clerical part of the city's
interest.

The supervisors are commended for
taking action to better conditions at
the jail. Schoolhouses in incorporated
cities generally are in good condition.
On the grand jury were F. A. Hol-
brook, foreman, E. A. Stockslager,
secretary, C. F. Heil, A. K. Cravath,
C. S. Hubbard, George Klausen and
Mit Phillips of Santa Ana; W. S.
Hill of Garden Grove, Willard Smith,
E. H. Dierker, G. A. Shoemaker,
William Kenyon, J. V. Sutton and B.
S. Barton of Orange; M. S. Davis of
El Modena, R. J. Webster of Delhi,
J. A. Phinney and A. L. Cotant of
Justin.

The grand jury was sworn in on
Dec. 4.

STEAMERS SINK IN GREAT STORM

LONDON, Jan. 17.—A terrific storm
is sweeping the British, Scotch and
Welsh coasts. Several vessels are re-
ported to have been lost. Four were
downed as the steamer "Ashgrove"
sunk in Firth.

The Cardiff reservoir has burst and
millions of gallons of water are flood-
ing the valley, with heavy damage re-
sulting. Miles of railway track have
been washed out.

**STEAMER SINKS ON SCOTS
COAST—ALL ABOARD PERISH**

ABERDEEN, Scotland, Jan. 17.—A
large unidentified steamer has sunk
off Peterhead, after fruitless at-
tempts at rescue during a heavy
gale. All aboard were lost.

The lost ship is a three-masted
steam schooner which the life savers
believe to have been an American
vessel.

A FACTIONAL FIGHT AGAIN

Winslow Arrested at Hunting-
ton Beach For Selling Water
Without Franchise

HUNTINGTON BEACH, Jan. 17.—Reuben H. Winslow was arrested here by the city marshal yesterday afternoon, charged with a violation of a city ordinance by operating a private system of water works without a franchise. Under a new provision of the state law, it is necessary, in order to establish or operate a water works system, to comply with the laws of the municipality where such system is to be used, and this city requires the obtaining of a city franchise for the purpose. Winslow was released on his own recognizance, and his preliminary hearing was set for next Wednesday morning.

The affair is the outcome of a factional feud existing here between Winslow and city officials, the chairman of the board of city trustees being the agent of the owner of the water works system which supplies the section of the city in which Winslow lives. The latter intended to operate his private system to supply water for himself and others residing there. At the time of the arrest, Winslow, it is alleged, became very abusive to the city marshal, and it appeared at one time as though violence would be necessary to subdue the prisoner. The incident has created considerable excitement, because of the fact that he has a number of friends here who share his sentiments towards the city government, and these insist that he is not being fairly treated.

—We have a cut out chassis showing the operation of all mechanical features on an E-M-F "30." Wm. F. Lutz Co.

HAVE YOU PILES?

Then HEM-ROID Is What You Want
—a Guaranteed Internal Remedy

Here is a physician's remedy, in sugar-coated tablets taken inwardly, that cures all forms of piles and avoids painful operations, as well as the common odious treatments. It attacks the very cause—bad circulation. This remedy is Dr. Leonhardt's HEM-ROID sold by Rowley Drug Co., Santa Ana, Cal., and all druggists, \$1 for 24 days' medicine, and satisfaction guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N. Y., Prop. Write for booklet.

—For months past no car in California has enjoyed the immense sale of the E-M-F "30" and Flanders "20." And sales are significant. Visit our salesroom. Wm. F. Lutz Co.

Hold your order for the New Reo the Fifth, the only car with a self starter and right hand center control, selling for less than \$3000.00.

A. B. HENRICKSON.
New Location, 304 North Main Street.

EASTLAND SERVED TERM IN FOLSOM

Sheriff Learns That the Prisoner Had Once Before
Been Convicted

Louis J. Eastland, the Anaheim man who was taken north by Sheriff Rud-dock to serve fourteen years in San Quentin on conviction of assault upon a 7-year-old girl, served an eight-year term in Folsom. This was learned by Sheriff Ruddock from Eastland on the journey north. The offense, committed in the northern part of the state, was similar to the one for which Eastland known here that there was a prior conviction against the man, Eastland probably would have been given a life sentence.

STILL AFTER THE FRANCHISE

Orange Trustees Expect Com-
petition in Bidding For
Telephone Privileges

Orange News: The telephone franchise being prepared by the city of Orange with a view to offering it for sale is satisfactory to the Home Telephone Company—except where it is unsatisfactory. These points of dissatisfaction are in the eyes of the Home—(1) that a tax of two per cent of the gross receipts of the telephone company is demanded at the close of the fifth year after the granting; also that the life of the franchise is shorter than the Home could desire. Otherwise, except for a few minor points, it is a beautiful franchise, and with the corrections noted, the Home will be delighted to bid for it.

This receptive mood was signified by representatives of the Home who addressed the council last evening. City Attorney Brown had submitted copies of the proposed franchise to both companies, and the Home people, after an examination of the document, made the report outlined.

W. W. Bassett of Villa Park, first addressed the board in behalf of the Home. He made the point that the matter of the franchise tax is regulated by state law, and is not optional with the trustees. The two per cent of the gross receipts legally goes to the city after five years, and that the city would probably have difficulty in collecting it at the end of one year. He said, in part:

"This is the only community in the county that is without the admirable service of the Home. We do not consider that we seek a special privilege here, but we merely ask to be given the opportunity to extend our lines to the people here who desire our service."

Trustee Dittmer stated that the franchise had not yet been considered by the board. "We want competition in the bidding for this franchise, and we expect to frame it with that end in view."

Manager Ellis of the Home then spoke: "I believe that the company doing business here should have a franchise. We are willing to bid, and the franchise should go to the highest bidder. Then the company that gets the franchise should have the exclusive field for its operations."

Mr. Ellis stated that his company was prepared to set apart places on their poles for a fire alarm system as required by the franchise. He said that the latest and best alarm system is carried on the lines of his company, and said that he did not know that it was being carried by any other company.

"Suppose," suggested Trustee Smith, "that the other company outbids you?"

"Then we would have to stay out," answered Ellis. "It ought to go to the highest bidder."

Pioneer Dead

Henry Franzen, Sr., a pioneer resident of Orange, and for many years a rancher on East Walnut avenue, died at Riverside Monday at 4 p.m. His funeral will be held at the German Lutheran church here on next Thursday at 1 p.m.

In the course of an eventful career, Mr. Franzen traveled over most of the world, but he came to Orange in 1883, when the city was, indeed, in its infancy, and resided here continuously until a year ago, when he went to make his home in Riverside.

Mr. Franzen was born in Schleswig-Holstein, Germany, then a part of Denmark, on September 14, 1833. At an early age, after he had been confirmed, he took up the blacksmith trade, and working at that, traveled over the greater part of Germany. After service in the Danish army he started for Australia, and after a journey of 106 days, arrived there in 1859.

He continued to work at his trade, and in 1865 was married to Catharina Maria Kryhl. In March of 1868 they left for Germany and arrived in July of the same year. They resided in Germany until 1873, when they removed to Elgin, Ill. After a short residence there they went to Sycamore, Ill., living there nearly 10 years. In 1883 they came to Orange.

DIRE DISTRESS

It Is Near at Hand to Hundreds
of Santa Ana Readers

Don't neglect an aching back. Backache is the kidneys' cry for help. Neglect hurrying to their aid. Means that urinary troubles follow quickly.

Dire distress, Bright's disease. W. N. Nelson, 902 E. Fifth street, Santa Ana, Calif., says: "Six or seven years ago, while living in Pennsylvania, I used Doan's Kidney Pills and was relieved of pains in my back from which I suffered. Occasionally my back was so painful that I could scarcely turn over in bed. In addition to this I also had rheumatic pains. The contents of a few boxes of Doan's Kidney Pills, procured at Dean's Drug Store, removed my aches and pains and I have had no cause for complaint since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

—We have in the vicinity of Santa Ana two beautiful pianos fully guaranteed and late improved. Will sell close for cash or time, rather than ship. Write me at once. "The Willy D. Allen & Co., Los Angeles.

ANNUAL MEETING OF THE LUTHERAN CONGREGATION

The Lutheran congregation held its regular business meeting last Sunday afternoon. Several new members were accepted, and the election of new officers for the year of 1912 took place. The newly elected officers are the following:

Trustees: Wm. Bock, Wm. Schulze, Fred Bergemann, August Hauptmann, Fred Lauterbach; Deacon, Mr. Fred Bergemann.

It was decided to have German services every Sunday morning at 10:30, and German and English Sunday school every Sunday at 10 a. m. The evening of every second and fourth Sundays of the month will be devoted to English services, beginning at 7:30.

Correction

By inadvertence, the Register's report of the meeting of the City Trustees held Monday night stated that the trustees proposed placing a license of \$8 per month on all rooming-houses having more than ten rooms. The report should have said \$8 per year.

BREAKS A COLD IN JUST A FEW HOURS

Says Quinine Isn't Effective in
the Cure of Colds and
Grippe

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

HAVE AGREED TO PLAZA'S PAVING

Orange News: Paving in the Plaza will begin as soon as it is assured that he rains will permit the work to go on uninterrupted, probably soon after the first of March. Such was the conclusion reached at a conference of the city trustees and the property owners about the Plaza, which was held last evening.

All property owners on the Plaza except two were represented, and those present seemed to be unanimous in their decision. They agreed that it would be best to pave the roadway about the Plaza circle with first-class asphalt and the corners, where traffic is light, with second-class.

City Engineer Bates explained his paving plans to the gathering and gave estimates of the cost of first and second-class paving.

First-class, he said, consists of a four-inch base of cement-concrete, with a one and one-fourth-inch binder of asphalt-concrete and a wearing surface one and three-fourth inches thick of asphalt, making a total thickness of seven inches. The cost is about 17 cents per square foot.

Second-class consists of a four or five-inch base of asphalt-concrete, with a one and one-half-inch wearing surface. The cost is 12 or 13 cents per square foot.

The engineer stated that the cost of paving the entire Plaza with first-class paving would be about \$11,000, and that using the second-class paving in the corners would reduce the cost to about \$10,000. He said that he believed the second-class paving would do as well as the other for the corners where the traffic is not heavy.

It was agreed that the property owners should assign the letting of the contract to the city which is to pay \$5000 on the cost of the paving. The remainder of the expense is to be apportioned according to the frontage of each property owner.

A formal vote was taken both on the question of class of paving and manner of apportioning the expense, and both propositions were carried without dissent. The owners represented were: P. W. Ehlen, N. T. Edwards, J. R. Porter, S. Armour, C. B. Campbell, C. G. Jern, W. D. Granger.

Following the conference, the trustees instructed the city attorney to draw up a contract to be signed by the property owners, similar to the one used on the sewer contract. The trustees will then be in position to advertise the paving contract.

UNION MEETING TONIGHT

Tonight at 7:30, will be the union meeting conducted by Rev. G. W. Gran-nis, in the interest of Sabbath observance.

Dr. Gran-nis is general secretary of the Lord's Day Alliance, which has for its object the education of the people for the proper observance of the Sabbath, and the improving of conditions of those persons whose calling necessarily compels them to labor on that day.

Dr. Gran-nis was largely instrumental in securing the Sunday closing of the postoffices in this country, and to show their appreciation of this fact the clerks and carriers of the local postoffice have arranged for the meeting tonight.

The service will be held in the First Presbyterian church.

SUTHERLAND AND HEWITT SLATED

If Eligible These Men Are Said
to Be Coming Railroad
Commissioners

SAN FRANCISCO, Jan. 17.—Governor Johnson is ready to set at rest all speculation of politicians and corporation officials as to who the two members of the railroad commission, now one of the most powerful forces in California's government, will be.

The announcement of the appointments would have been made weeks ago had not a question of the eligibility of the chosen men been raised and put into the hands of Attorney General U. S. Webb for decision. Webb is ill and cannot render his decision before the end of this week.

If he declares that they are eligible, and it is expected that he will, the new commissioners will be: W. A. Sutherland of Fresno, assemblyman from the Sixty-first district; an attorney who has been a specialist in public ownership.

Leslie R. Hewitt of Los Angeles state senator from the Thirty-eighth district and former city attorney of Los Angeles.

DISSOLUTION NOTICE

—Notice is hereby given that I, N. E. Emery, have sold my interest in the Home Cycles, located at 307 East Fourth street, to Henry Buck. All accounts due the Home Cycles to be paid to Henry Buck, who also assumes all the indebtedness of the firm.

IN THE JUSTICE'S COURT

TOO ILL FOR
TESTIFYING

Court Went to Hospital But
Case Was Continued to
January 19th

Yesterday afternoon Justice Cox took his court to the Santa Ana hospital, but held no session there. The case is that of W. W. Poole, charged with attempting to kill David Anderson, a painter. Anderson is in the hospital with a wound of the arm. A bone of the wrist was cut through when the two painters had a fracas. Yesterday was the time set for Poole's preliminary examination. At the hospital Attorney Bishop for Poole said he preferred waiting until Anderson is stronger as Bishop wants to put him through a severe cross-examination. Anderson seemed to be too ill for the excitement that might come with the giving of testimony. The matter was then continued to Jan. 19 at 2 o'clock.

Yesterday when the case came up in court, W. L. Grant, employer of the two men, who swore to the complaint against Poole, said he would like to see the case dismissed. It seems that Grant has made an investigation and thinks Anderson was to blame for the affair. Poole says Anderson got his arm cut when he struck at Poole with a paint brush.

Paid \$10 Fine
S. E. Blodgett this morning pleaded guilty to a charge of disturbing the peace of Asa Hoffman. The charge was brought several weeks ago.

—The flush side fore-door and semi-scuttle cash given individually to an E-M-F "30." See our exhibit this week. Wm. F. Lutz Co.

G. A. R. VETERAN
SUFFERS FROM COLD
AND HUNGER

LOS ANGELES, Jan. 17.—Yoeff de Zor, aged eighty-four, a veteran of the Civil War, was found unconscious on the steps of the central police station here, where he had tormented seeking warmth and food. He was taken to the receiving hospital in a serious condition from exposure and hunger. He tried to gain admittance to the Soldiers Home. He was refused because he had lost his service papers. He has been penniless for weeks.

RAYNER EXEMPTS
TRIO OF SUBJECTS
FROM ARBITRATION

WASHINGTON, Jan. 17.—The feature of the senate yesterday was Senator Rayner's address on peace treaties in which he expressed the view that neither the Monroe doctrine, the immigration question, nor the matter of state debts could be the subject of international arbitration under the treaties.

Senator Rayner introduced a bill to pension the widows of the late Admirals Schley and Evans respectfully at the rate of \$150 a month.

WOMAN STRAP HANGER
TESTS THREE CENT FARE

CINCINNATI, Jan. 17.—The three-cent fare war recently declared against the Cincinnati Traction Company by the Woman Taxpayers' League was put into effect by Mrs. M. M. VonWalden, president of that organization, yesterday. She boarded a car and was forced to stand up for at least half a mile. When the conductor came around to collect fares she politely told him that she did not get the full value of her nickel, as she had to stand, and could only pay him three cents. The conductor refused to accept the money, but, strange to say, did not order her off the car, so she had a free ride.

RAILROAD MAN BURNED
TO DEATH IN R. R. WRECK

ST. LOUIS, Jan. 17.—Gay L. Stewart, agricultural and industrial agent of the Cotton Belt railroad, with headquarters here, was burned to death in his private car in a wreck due to trains of three different railroads colliding yesterday morning at Kelso, Mo., 140 miles south of St. Louis.

—A cut out chassis of the E-M-F "30" and Flanders "20" this week at the Wm. F. Lutz Co. salesroom. Open evenings.

SUMMER COURSE
OFFERED AT THE
MARINE STATION

The course offered by the University of Southern California will consist of lectures given by Professor Charles L. Edwards, together with work in the laboratory and upon the station boat, the Anton Dohrn. A general history of marine biology is followed by a description of the apparatus and methods of investigation in sounding, trawling, dredging, the analysis of bottom deposits, the taking of water samples, the temperature, and intermediate and surface plankton hauls. Biometric and taxonomic studies of the animals and plants collected will be made.

Through the generous co-operation of the Abbot Kinney Company, the Biological Station is housed in the Aquarium and Auditorium buildings at Venice. The research laboratory has places for eight investigators, and the combined laboratory and lecture room for the summer course in marine biology will accommodate forty students. In the large aquarium room there are forty aquaria with sides of plate glass and one large central concrete basin. A library and a reference collection of the local fauna and flora are being established.

The Venice pier and breakwater have been made a biological reservation by a special act of the Venice city trustees. Here are colonies of abalones and other animals brought from a distance for study and experimentation. A large live box built of cement, is suspended near the breakwater and can be raised or lowered by block and tackle. At present it contains abalones undergoing experiments for the development of culture nearby and for studies of embryology and post-larval growth. One and one-half miles of canals with water of 75 per cent of the salinity of the neighboring sea, give opportunity for acclimatization experiments.

In the Pacific ocean the immediate field of investigation embraces the Santa Barbara Islands, extending from San Clemente, eighty miles to the south, to San Miguel, one hundred and thirty miles to the west. The inshore waters are shallow, reaching the one hundred fathom line ten miles directly seaward to the southwest, and five miles farther, the depth increases to about three hundred and thirty fathoms. At sixty miles from Venice, somewhat to the west of Santa Barbara Island, lies an oval basin twenty miles long and ten miles in width, having a depth of eight hundred and thirty fathoms.

The Anton Dohrn, a motor sloop thirty-five feet over all and of ten feet beam, has been built for the exploration of these waters. The vessel has a cabin forward with four double berths from which the engine room is separated by a water-tight bulkhead. A two cylinder sixteen-horse power Samson gasoline marine engine propels the vessel at seven miles an hour, while in a fair breeze the mainsail and jib are used. By means of a special clutch the engine is connected with the gear that drives the reel onto which is wound the cable for taking soundings, bottom deposits, water samples and temperatures and to support the nets for dredging, trawling and plankton hauls.

AT THE COURT HOUSE

DIVORCE SUIT
BEGUN TODAY

Santa Ana Easter Lily Co. Has
Filed Petition For
Dissolution

Suit for divorce was begun today by Sarah E. Jewell against Sanford W. Jewell. The plaintiff lives at Garden Grove. Her attorney is S. J. Parsons of Los Angeles.

Will Dissolve
The Santa Ana Easter Lily Company has petitioned the superior court to dissolve the corporation. This corporation was formed primarily to propagate Easter lilies. Recently the land owned by the company, located at the west edge of the city, was sold, and the company will disincorporate. The directors were John Cubbon, Dr. Raugh, J. N. Anderson, John Parsons and E. A. Metcalfe.

Copy Is Filed
Certified copy of the articles of incorporation of the C. E. Kennedy Investment Company were filed with the county clerk yesterday. Two of the incorporators live at Riverside, and the third, Henry S. Kennedy, formerly lived here, now in Los Angeles. The company is capitalized for \$100,000.

Estate Appraised
Henry Bosch, J. A. Redbeck and J. N. Anderson, appraisers, have reported the valuations of the estate of Johanna Kolberg at \$8500 and that of William Kolberg at \$19,941. Robert Morris, E. W. Paige and Anderson appraised the estate of Joseph S. Glenn at \$3227.

Marriage Licenses
Orlando G. James, 26, of Santa Ana, and Mardula Cox, 27, of Shreveport, La.; Carl E. Day, 35, of Los Angeles, and Agnes G. Book, 23, of Amsterdam, N. Y.; Henry Chevalier, 21, of Baldwin Park, and Mary F. Clinton, 19, of San Gabriel.

BOY'S MOTHER
BRINGS CHARGE

Know-Nothing Witness of the
Cabello Case Is Placed in
the County Jail

Jesus Ortiz, poolroom keeper of Los Alamitos, was arrested today on a charge of disturbing the peace. The specific charge is that he kicked two schoolboys, one of them the son of Mrs. Walter Heying, who swore to the complaint. Ortiz is in jail, placed there by Sheriff Ruddock and Deputy Squires.

Ortiz is well known to the officers. He was one of the know-nothing witnesses in the case of the killing of Miguel Gonzales and Estevan Gutierrez by Tiburcio Cabello. Though the shooting happened at Ortiz's poolroom he hardly knew he was alive.

STILL TIME TO GET THE
COMPANION FOR \$1.75

The publishers of the Youth's Companion announce that they will accept yearly subscriptions at \$1.75 up to the end of March. The new rate of \$2.00 will go into effect promptly on April 1. The large number whose subscriptions run over into the early weeks of the year, as well as those who were unable to send in new subscriptions before January 1, will have this opportunity to get The Companion for another fifty-two weeks at the old price. If you had no other periodical reading for your family, The Youth's Companion would be sufficient—sufficient for keen enjoyment by every one, young and old; sufficient to keep you posted on the important news and events of the day; sufficient to give you a mind richly stored with useful knowledge. The new departments have become indispensable features of the paper. The page devoted to the interests of boys in school and college always has an article of expert advice on athletics by some one who speaks with authority, whether it is football, baseball, skating, swimming, or other vigorous pastime. The page for girls suggests useful occupations at home and profitable occupations in the community, without forgetting that girls like to be ornamental as well as useful. And there is the family page, which in the course of the year fills the place of a domestic encyclopedia.

Subscribe now—today—while The Companion may yet be had for \$1.75.

OUR PRE-INVENTORY BARGAIN SALE

is still having its usual satisfactory results. The public are taking liberal advantage of the great values we offer in winter merchandise. The late purchasers are reaping rich harvests in the big after-holiday reductions.

Prices are cut to the quick and profits thrown to the winds in the following lines of which we yet have a fair assortment:

Ladies' Tailor Suits, all the latest this year models and fabrics in regular and special sizes.

Ladies' Coats, late arrivals, all new and up-to-date goods, mostly double face materials of the most approved fashions.

Misses' and Children's Coats, they will be disposed of rapidly as prices have been made accordingly.

Winter Dress Goods in great variety, many of them suitable for early spring, but all have been subjected to the bargain knife as we need the room for the new spring goods soon to arrive.

CLOTHING

Suits for men and boys, Overcoats for men and boys, Trousers for men and boys—All at Great Pre-Inventory Reductions.

SHOES

The latest styles just placed in stock for men, women and children: Ladies' new stub toe button shoes in Vici Kid and patent Colt, \$3.50.

Ladies' white and champagne Nubuck button Shoes at \$4.00. As good as those sold in many stores at \$5.00.

New tan button Shoes for young men of the celebrated Keith & Pratt make at \$4.00.

We are still headquarters for girls', boys' and children's dress and school Shoes of which we have just received large shipments comprising many different styles. You know they are good goods for little money.

JAILED AGAIN

Anaheim Chinese Almost Certain to Have to Serve a
Two-Year Term

Los Angeles Times: A lesson for attorneys is involved in the story of Wong Wing Hing, the Anaheim Chinese merchant, who is again in the county jail, facing a two-year sentence to McNeil's Island, on a charge of smuggling.

Wong Wing Hing was released on a bond of \$5000, furnished by the Six Companies of San Francisco on the 5th inst., after he had been in jail several months following his conviction by a federal jury. No sooner was he at liberty than the six months within which he must perfect his appeal to the Circuit Court of Appeals, expired, and he was again arrested, with no recourse now but to serve his time.

It is expected that the Chinese will be taken north this week, as there is now no escape from the sentence of the court.

NOT SALTS, OIL OR
PILLS BUT CASCARETS

No Odds How Sick Your Stomach:
How Hard Your Head Aches or How
Bilious—Cascarets Make You Feel
Great.

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

Dr. H. M. Robertson, Physician and Surgeon. Office Cor. Third and Main opposite City Hall. Both Phones.

We have just put into operation an expensive new machine for doing up collars that does excellent work. The Peoples New Laundry, 901 East Fifth street.

Trees Trees

The best trees are the cheapest trees. Mine are all the best buds and grafts, being selected from parent trees that are the best specimens of their kind.

Walnuts grafted on black and soft roots, oranges, lemons, peaches, plums, pears, apricots, everything. Choice large trees. It costs you nothing to see them.

CAMPBELL'S THEOLOGY

The address, lecture, sermon—what was it?—this writer didn't hear it, being absent from the city at the time—delivered at the First Methodist church in Santa Ana the other day by Dr. R. J. Campbell, of London, has been the subject of much discussion and some criticism. We have heard only of these discussions and criticisms, and at that only indefinitely. We don't know who is commending or who is condemning Dr. Campbell, nor whether commendation or condemnation predominates.

We read in the Redlands Facts that Dr. Campbell's sermon in Redlands was not any better than the average sermon preached from Redlands pulpits. The Pasadena News said some very complimentary things about Dr. Campbell, but did not express an opinion as to his theology. At this writing we have had repeated to us only one criticism heard in Santa Ana, to wit, that a lady of this town said Dr. Campbell was not orthodox and ought not to have been invited here by the Ministerial Union.

Someone has told us that a recent number of the Outlook (Lyman Abbott's paper) condemned Dr. Campbell's theology. Here is what the Herald and Presbyterian, the national organ of the Presbyterian church says about the London preacher:

A friend is grieved because so many ministers have criticised Dr. R. J. Campbell, of London, who is now lecturing in this country. He has heard him and can testify that "he said many good things." He did say some things that grated on evangelical people, but "the greater part of what he said was not only sound, but remarkably well and forcibly said."

We read some years ago in court reports of a cook who got up a remarkably good meal. The soup and meat and vegetables and dessert and coffee were fine, but into something she put arsenic. Of course, there was a great deal more meat than arsenic, also more flour and sugar and salt and potatoes, but the arsenic was poison, and the people who ate the dinner died, and the cook was adjudged a murderer.

It is not safe to sum up the good and poisonous in food and eat what averages well. No more is it safe to accept a philosophy or theology because it has a large average of truth. A good average mixture may be more dangerous than straight poison. So error may be more dangerous for the truth mixed with it. People are not apt to swallow poison or error if they know it. The mixture is dangerous because it deceives.

Dr. Campbell says many good things, and so gets the confidence of his hearers and readers, and then comes such a statement as this:

"Never mind what the Bible says if you are in search of truth, but trust the voice of God within you."

This is the doctrine of human consciousness as the highest authority, or it means our opinions are superior to the Bible, a doctrine as dangerous to the soul as arsenic is to the body. Or one reads tributes to Christ and his teachings and exhortations to kindness and zeal for the salvation of men, and then comes to such sentences as these:

"Modern science knows nothing of the Fall, and can find no trace of such a cataclysm in human history."

"The law of evolution governs human affairs just as it does every other part of the cosmic process."

"The doctrine of the atonement, as popularly held, is not only not true, but it ought not to be true. It is a serious hindrance to spiritual religion."

The trouble with Dr. Campbell is the trouble with men of new theology. They go into ecstasies over the beauty of Christ's character or work, and glory in the triumphs of Christianity, and extol the mercy of God and the brotherhood of humanity, while repudiating the inspiration of the Scriptures, which alone make wise to salvation, and the atonement by which we are redeemed and the deity of the Redeemer. They boast the fruits of the tree of life while denying that there is any tree.

The evangelical churches stand for the whole counsel of God, and not for a mixture of truth and infidelity, even though it be put on the theological market as a product of the Christian consciousness, which is only another name for human opinion.

THAT EXTRA DAY

The year 1912 will have 366 days. What are we going to do with the extra 24 hours? To the Rockefeller and the Morgans and the Guggenheims it means that 1912 will add a little more to their wealth than did 1911. To the

idle it means just one more day to loaf. To the man on an annual or monthly salary, it means one more day to devote to his employer's interests for which he will receive no additional pay.

Ministers are probably glad that the extra day does not fall on Sunday, and that 1912 will have but fifty-two Sundays, as do ordinary years. Think of the saving in sermons! Up on the backs of the tired washerwomen must fall the burden of this extra day, for there will be fifty-three Mondays in 1912. There will also be fifty-three Tuesdays in the year.

But to spinsters—ah! It is to the spinsters that 1912 means most. Tradition has it that women may propose during leap years. The old adage, "Man proposes, but God disposes," should be amended. The 1912 model should read, "Woman proposes, etc." Gentle woman has 366 days in which to do the proposing. Any woman ought to be able to make up her mind in that time.

Though California and other states have done their duty nobly, unfortunately no provision has been made, nationally, for equal political rights during leap year and this is the year of a presidential election. However, the woman's suffrage movement hopes to cure all that. When the "new woman" fully comes into her own, every year will be leap year and perhaps mere man will be petitioning for the privileges of that fourth year.

One day added to the year makes a lot of difference.

THE WAY OUT

The suggestion made by the Covina Argus, that the Southern California Fruit Exchange should consider the proposition of owning and operating steamships for carrying fruit, when the canal is opened, is an excellent one.

If it is a feasible thing to ship citrus fruits through this canal to New York and other sea-points, the preparation for this work should begin as soon as it is really found to be practicable. There is no reason at all why the citrus fruit growers should not own and operate vessels, carrying their own products and the merchandise of other concerns. The co-operative body that now prates fruits for over sixty per cent of the citrus output may find it

More Congressional Dope

The Oakland Tribune, we note, is another newspaper to take the same view of the proposition of Congressman Needham moving into the Eleventh district and running for congress as does the Register. The Tribune says:

"Mr. Needham resides at present in Modesto, Stanislaus County. We have seen no intimation from him of an intention to move out of his old district into a new one. There is no reason why he should move. The district cannot get a better representative, nor one so capable of guarding its interests in congress. Mr. Needham is the Dean of the California house delegation in point of continuous service; moreover, he is a man of sound judgment and more than ordinary ability. His experience and legislative capacity will be difficult to replace. His renomination and reelection, we take it, are a foregone conclusion. Why, then, should he leave the district he has represented so long and faithfully to seek political honors in a new district among strangers?"

"When the state was redistricted at the recent session of the legislature, Mr. Needham and the Hon. S. C. Smith were thrown into the same district. Mr. Smith resides in Bakersfield, Kern County. He is a very sick man. The prospect of his ultimate recovery is remote, but it is understood that he desires to run again. Either Smith and Needham must contest for the nomination or one of them must go into another district. Needham and Smith are warm friends, and hence it is assumed that Mr. Needham may be prompted by motives of friendship to move out and leave the field clear for Smith."

"But if either of them is to move into the Eleventh district, it should be Smith. The counties comprising that district are in his present district, hence a change of residence would not subject him to the same criticism that would be visited on Mr. Needham. He is no stranger to the people of the Eleventh district; he is representing them—or the greater proportion of them—now, and his change of residence would alter no political condition and excite no particular comment."

"The case would be entirely different for Mr. Needham. He would be

"Get the Habit"—Trading with
W. A. Huff

entirely feasible to buy or charter vessels to transport fruit. It is a heavy tribute we pay for the long haul across the continent. By the canal route, it is figured that fruit can be landed at New York in nearly the same time as it is now taken across the continent. The quicker we begin operating independently, or partially so, of the railroads, the quicker it will be seen that freight can be carried more cheaply across the continent by train. The American people should work the Panama for it's worth. And especially this must and will be true of California, one of the states to be very greatly benefited.

Along this line may be found the salvation of the fruit industry if it should get a body-blow from congress when the tariff is revised more.

charged with carpet-bagging; his act of renunciation would be construed by opponents and political enemies as the effort of a politician who had worn himself out in one district to retrieve his political fortunes by emigrating into another. This cry might defeat Mr. Needham's nomination and thus deprive California of the services of one of the most useful men she has in congress.

The following article, which appeared in the Riverside Press enclosed in a pretty border of stars, bears all the earmarks of having been inspired by Estudillo's friends who in turn got their inspiration from Estudillo himself.

"It is learned today that the friends of Senator Estudillo are urging him to enter the race for congress from the new Eleventh district. This news will be received with general interest throughout the district, and with especial favor by many friends of the senator who had no other thought than that of offering him their support for another term in the state senate."

"Those most prominent in urging the senator to enter the contest for congress point with pride to his record in the state legislature, covering a period of eight years. He was honored with appointment to many of the most important committees, and was prominent in the fight which won the passage of the anti-race track gambling bill."

"Senator Estudillo was the father of the free text book bill, which failed of passage during his first term in the legislature, but which was successful in its adoption as a constitutional amendment, to be submitted to the people, during the recent session of the legislature. While Shanahan was the author of the latter measure, he has publicly recognized Senator Estudillo's magnanimity in the fact that he did not insist on having his name attached as its author. Mr. Shanahan declares that Estudillo's services in behalf of free text books have been invaluable to the parents and children of the state."

"The local option law was another measure of which Estudillo was the author, and which subjected him to the fierce attack of the forces opposed to temperance legislation."

From the Modesto News, published in Needham's home county, comes this:

"Assemblyman W. A. Sutherland of Fresno, who has been regarded as likely to be the progressive candidate for the congressional nomination in this district, has announced positively that he will not enter that race. This indicates that Congressmen Needham and Smith will agree as to which will be the Republican candidate, with the chances in favor of Needham, unless he decides to accept the invitation of some Southern Californians and move into the new Eleventh district. It is noticeable, however, that the progressive newspapers in that district are not enthusiastic over the invitation and the most of the comment nomination has been made seems to regard it as a good piece of political advertising for Needham."

"The only candidate for the Democratic nomination in this district thus far announced is District Attorney Denver S. Church of Fresno County and it is generally believed that he will be the nominee. His popularity and ability mark him as a strong can-

Sex Hygiene in the Schools

FROM THE PASADENA NEWS.

It is little short of inspiring to learn from the dispatches that in the crime for which Rev. Clarence V. T. Richeson is sentenced to suffer the death penalty the churches are finding in a complete transformation in Sabbath school teachings. Rev. John Ellis, pastor of the Unitarian church of Chicopee, Mass., is first to offer valuable suggestions, his view being that a thorough understanding of hygiene is necessary for the protection of innocent girls from the wiles of designing men. He is quoted as saying:

Ream upon ream of Sunday school lessons to tell what the Jews were doing 2000 years ago, but not one plain physiological word in public school, press or church, to put young men and women on their guard against illusions and miseries born of natural promptings. By our manner of living we stimulate in them the very forces which betray them. The studied effort by women to emphasize every physical charm, the suggestive, erotic, romantic literature of the best sellers, the sanction we give to our eating and the drinking of alcoholic beverages become the irresistible agents of ignorance to wreck the bodies and souls of the young.

Plain truths, these, my masters! Neither young men nor young girls are given that information to which they are justly entitled to until, too often, the damage is done and, as victims of their own ignorance they learn by sad experience what they might have avoided but for the mistaken prudery that kept the knowledge of sex relations from them. In the public schools pupils of the higher grades have opportunity to study anatomy and physiology, but of certain physiological effects resulting from sex relations they are kept in dense ignorance. We are glad to say that a tendency to remedy this defect in education is noticeable of late. Last week, at the Los Angeles

high school, an earnest, sensible talk to "boys only" was made by a lecturer who stated in simple but graphic language the dangers that beset all youths, who, through ignorance of results, fall victims to natural promptings. Self-control is one of the greatest of all human attributes and its principles cannot be applied too early in life.

Quite as much as the boys do the girls need similar talks. They should be taught, in a course of special lectures, the functions of the reproductive organs. It is their right to know and any girl having attained the age of puberty is suffering a handicap who is allowed to remain in ignorance of these essential facts. Instinctive modesty and native intuition are excellent in their way, but, alone they are not a sufficient shield against the insidious machinations of men of the Richeson type. No fear that a knowledge of such will strike a blow at the pretty maidenly reserve so much to be admired in young womanhood. There is a vast difference between knowledge and sophistication. The more that a girl is taught that which she should know the less danger there is of her becoming sophisticated.

We hope the Sabbath schools will make serious attempts to relate the religious life to the sex life, as Rev. John Ellis indicates. He is contemplating, they should work hand in hand with the public schools to disseminate this vital information so that the rising generation, by such means, may be able to transmit that knowledge to succeeding generations. In many instances, due to ignorance in part, in part to a mistaken sense of the proprieties, parents have withheld from their children this needed enlightenment. At times the neglect has proved costly. Let us hope there is a world-wide awakening to what is the birthright of every boy and girl; there will be fewer missteps, better morals in the masses as a result.

National Movement To Increase Soil Product

WASHINGTON, Jan. 17.—A bill of great import was to be introduced in the House of Representatives on Wednesday, January 17, by Representative Lever of South Carolina, and on the same day it will be presented in the Senate jointly by Senators Hoke Smith and Page. The bill provides for the further endowment and support of agricultural colleges to enable them to assist in getting into practice the best methods of agriculture evolved by operation of the plan of establishing and maintaining agricultural colleges and experiment stations in the various states.

This measure is the joint work of the National Soil Fertility League, the executive committee of the Colleges of Agriculture and the statesmen above named. It is in line with the President's recommendation in his address at the National Conservation Congress at Kansas City, Mo., September 25, 1911, it has the support of the House leaders of both parties, and it may be regarded as an anti-partisan measure.

According to the general plan out of which this measure springs, it is proposed that the procedure shall consist of getting into general practice the best methods known of scientific agriculture by employing trained agriculturists, or practical farm demonstrators, skilled in the most approved methods of farm practice, to take to the farmer on his own farm the information or knowledge that will enable him, the latter, to interpret and adapt to his local conditions the best methods of farming. In plain terms, it will be as rapidly as possible, place a trained practical man, selected and directed by the respective state agricultural colleges, permanently in each agricultural county of the United States, and enables the farmer to become master of his calling aided by the best services the country can furnish, and supported by federal and state funds.

According to the provisions of the bill there will be an appropriation beginning at the rate of less than one cent per capita and will approximate three cents per capita by the time the annual appropriation shall have increased from \$500,000 per

year, the starting point, to a little over three million dollars, when it reaches the maximum. To have a clear idea of the distribution of these funds it must be understood that each state receiving its share of the fund must appropriate an equal amount for this purpose.

Most authorities have expressed the belief that the operation of this plan will in a few years increase the farm output at least 50 per cent. That means an increase of wealth per capita of about \$50.00 per annum, and it adds to the country's assets four and one-half billions in national resources. The average acreage of Europe gives from two to three times the yield of the American farms, notwithstanding their soil has been producing for centuries more than the lands have been cropped here.

In the President's opinion this promises to be the most valuable constructive legislation of recent years. Speaker Clark says the mind cannot grasp the benefits that should grow out of this movement. Majority Leader Underwood expresses the belief that it will do more good to more people than any other single enactment in a generation. Mr. H. H. Gross, of Chicago, president of the National Soil Fertility League, says he has submitted his specific plan to every agricultural college in the land, there has been no adverse criticism, and about 95 per cent have strongly endorsed it; it has been approved by about four hundred public bodies, such as boards of trade, commercial associations, business men's clubs, women's clubs, etc., and nearly a thousand influential newspapers have expressed a willingness to support it.

—The 1912 E-M-F "30" sets a standard by which to judge cars costing much more. Do not fail to visit our salesroom this week. Wm. F. Lutz Co.

ORANGE COUNTY NURSERIES

PLACENTIA

Orange Co., Cal.

You don't pioneer when you move to Placentia. That stage of this new packing and shipping town was past six months ago.

With the building of the Santa Fe's new main line east through the famous Placentia district, Placentia Townsite came into existence as a business center for this thickly settled and wealthy community. The orange growers built five large packing houses to handle the production. (Three more packing house sites have been procured.)

Placentia today, twenty-six miles from Los Angeles is a thriving go-ahead town with all city conveniences, such as bank, hotels, large stores, newspaper, lumber yard, garage, etc.

Placentia will not stay a town; that is inexpressive of its future. Placentia, the center of a district equal to Riverside and Redlands, must be a city. Already there are over a thousand people dependent on Placentia as a distributing point, which makes for active business. An ideal climate, beautiful surroundings, good water, and plenty of work in all lines, produce perfect living conditions.

Placentia offers unexcelled opportunities for Merchandising, Home-making or Investment.

REMEMBER

Placentia Townsite is over one-half sold out. Yet you can still buy at the original prices and on the original terms. Let us show you both the Possibilities and the Actualities at Placentia. Do not select land for a home or investment until you have seen Placentia.

Social and Club Circles

WOMAN'S CLUB

Armenian Conditions Topic of Meeting—Delegates Named For Federation Meet

The Woman's Club meeting yesterday held at the home of Mrs. Dr. L. C. Mansur, was largely attended and proved to be unusually interesting. The members reported to roll call with quotations from Eugene Field. Mrs. Mansur's paper on "What is the Armenian Religion," was interesting as well as full of food for thought. The Armenian persecution was discussed by the club. Mrs. Neva Crose spoke of the personal experiences of the missionaries. Mrs. E. J. Diers told of visiting Armenian cathedrals and other places of worship.

A communication was read from the Semper Virens Club of California asking the co-operation of clubs in establishing a state highway through the California Redwood Park. This project was endorsed by the club. Mrs. Sarah Uttley was elected to fill the unexpired term as secretary. Mrs. Andre having resigned on account of illness in the family.

Mrs. F. A. Marks and Mrs. Anna Gale were named as representatives of the club to attend the District Federation of Clubs beginning at Ontario today.

A social meeting will be held at the home of Mrs. Henry Diers on North Main on Jan. 30.

Happy Evening

The Baraca boys of the First Presbyterian church met at the church last evening. After the usual gymnasium exercises and a short business meeting, they adjourned to the home of J. G. Morrow where the Philathea girls were in session. A splendid social hour was spent together, and home-made candy was served by the ever-ready hostess.

At a late hour the young people departed for their homes, feeling that it is indeed a privilege to be a Baraca or a Philathea.

The E-M-F "30" has set the pace in design and car worth for four years—ever since it came upon the market. Wm. F. Lutz Co. would be pleased to have you see their exhibit this week. Open evenings.

The interest shown in our Violin Department this year has been very much better than heretofore. We are yet in a position, however, to receive more pupils for the study of this noble instrument. The rare privilege of instruction under so capable an artist and teacher as Miss Lalla Fagge of Los Angeles, ought to be more fully appreciated by those interested in violin study.

You should not delay arranging for a course in this department. 504 1/2 N. Main St. Main 211

Morrill Bros.

Successors to Morrill & Price

The above firm wishes to announce that they have purchased the interest of Rankin Price and that in future they will maintain the same high standard in goods and service that have been the great factors in building up this successful business.

The best of groceries and crockery will be carried at all times and the same careful attention to service will be given as heretofore.

The new owners ask for a continuance of all former patronage and respectfully solicit a share of the trade of the public in general.

PROGRESSIVE WHIST

Mrs. W. E. Winslow Entertained Yesterday Afternoon With Pleasant Party

All those who have enjoyed the delightful hospitality of Mrs. W. E. Winslow, whose reputation as a hostess is unsurpassed in Santa Ana, are delighted whenever it is known she is to open her home for a social function. Mrs. Winslow yesterday afternoon entertained a large company of her friends with a charmingly appointed and successful progressive whist party.

There were guests from Orange, Tustin and Santa Ana and while all of the ladies did not engage in the whist games, there were eighteen tables of players. Orange ladies, Mrs. A. L. Tomblin and Mrs. Collins of the pretty plaza city, carried off whist honors, the former receiving first prize and second prize going to Mrs. Collins. Mrs. Mark Lacy of Santa Ana captured third prize and Mrs. C. V. Davis took the consolation prize.

Pointsettias, glowing in vivid tints, and graceful ferns added the final touch of coziness to the pleasant rooms which presented so attractive an environment for the whist games and the pleasing grouping of ladies at small tables when delectable refreshments were served at the close of the afternoon.

Guild Musicals

Tomorrow afternoon at the home of Miss Rosa Boyd on North Main street an affair that promises delightfully will be held for the benefit of the guild hall of the Church of the Messiah. Miss Boyd, assisted by Mrs. James S. Rice, will have the direction of the function which will be a musical and tea. Well known musicians will render the program, including Mrs. Rice, Mr. and Mrs. James Willis Rice, Rev. W. H. Wotton, Mrs. A. J. Padgham, Mrs. Mit Phillips, Miss Vivian Clayton and Miss Kassa Bailey. It will readily be seen that a real treat is promised in a musical way.

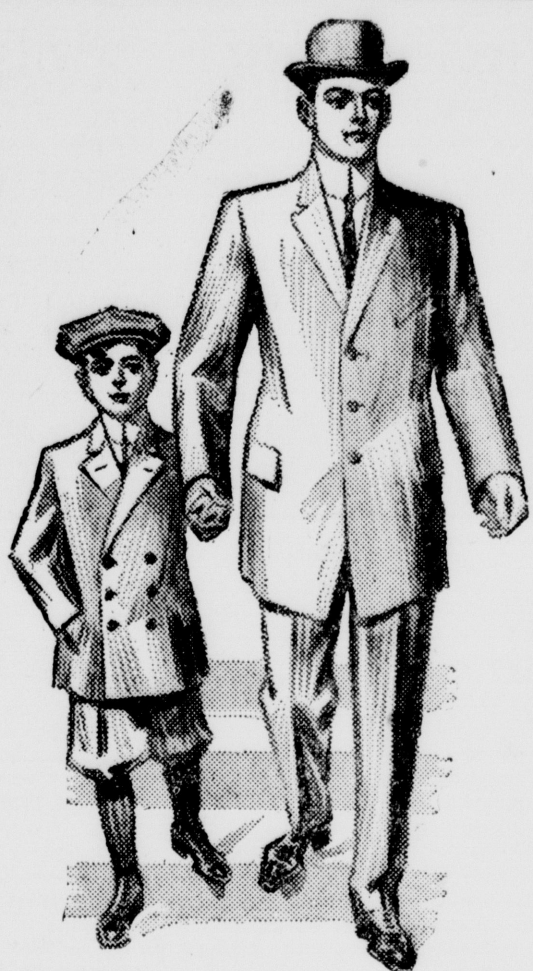

Light refreshments will be served. A silver offering will be taken which will doubtless be a generous one, as there is much interest felt in the new guild hall and church improvements lately made. All are cordially invited to attend and enjoy the music, as well as the pleasant social time which is a feature of the popular teas given by the ladies of this church.

Embroidery Club

The first meeting of the Crescent Embroidery Club since the holidays, was held yesterday at the home of Mrs. J. B. Ramsey, on West Seventeenth street and a delightful afternoon was spent, fancy work, music and conversation being the diversions. Delicious refreshments were served by the hostess, who was assisted by her son's bride, Mrs. Merle Ramsey, who came recently from the East. The introduction of the charming and girlish bride to the club, was one of the pleasing features of the afternoon.

Besides the members there were present Mrs. J. Albright, Mrs. Hogbin, Garvo and Miss King as guests of the club.

GOOD TIME COMING

Members of Spurgeon Memorial Church Will Have Joyous Reunion Tomorrow Eve

The following announcement from the pastor of the Methodist Church, South, indicates that good things are in store for his members tomorrow night:

"A pleasant evening has been planned for tomorrow night at seven o'clock by the Board of Stewards of the Spurgeon Memorial M. E. Church, South, for EVERY MEMBER of the church, including mothers-in-law, brothers-in-law, sisters-in-law to the church—which means the non-church belonging mother, wife or husband of church members. The children of members, who are to be the future church, are not to be overlooked but are also included in the invitation to come.

The board put Mr. George S. Harper in charge of the arrangements for this general reunion and good time and he has gone about it in a very business-like way, just such a way as assures success. He, with a large number of faithful helpers whom he has called to his aid, has provided for a short program at the close of which we are to be tested as to our orthodoxy by having spread before us a feast of chicken pie and other eatables almost as tempting. And the thing that appeals to me most, about the whole affair, is that it's FREE; no fee at the DOOR; no fee at the TABLE. It is decidedly the best thing I have heard of since I have been among you and I don't think a single or married member among us should miss it. I mean to be well represented, rain or shine. So to one and all I exhort you to lay your plans to be with us and get acquainted and have a good time and see what a splendid church home you have.

YOUR PASTOR, A. F. STEM.

—O—

Club Showered Bride-to-Be

Miss Blanche Tiede delightfully entertained the S. S. Club yesterday afternoon at her home on West Washington avenue. The hours passed swiftly with merry conversation interspersed with music on the victrola.

Towards the close of the afternoon the hostess brought in a large express package which proved to be a kitchen shower for Miss Helen Eubank, who is to be married. Each package was accompanied by a merry jingle. At the close of this unusually happy meeting of the club, a hearty two course supper was served by the hostess.

—O—

Pretty Luncheon

The Past Matrons Association, O. E. S., were most charmingly entertained yesterday afternoon by Mrs. Wm. Clayton, with a pink and green three course luncheon in the Dragon balcony.

The appointments were perfect and the Dragon service was most satisfying. Covers were laid for seventeen and merry chat and jest went round the table as the dainty viands were enjoyed. Mrs. Clayton was a most admirable hostess. The luncheon was preceded by a business session at the home of Mrs. Clayton.

—O—

The Beta Sigma class of the First Presbyterian church, with their teacher, Mrs. A. R. Rowley, met last evening at the home of Miss Esther Peterson on Orange avenue. The young ladies, in two divisions, had a happy year party and a merry time resulted. Refreshments were served in cafeteria style. A business meeting preceded the social part of the meeting.

NOTICE TO CONTRACTORS

The building committee of the First M. E. church of Santa Ana, Cal., will receive bids for the remodeling of and additions to the church according to plans and specifications on file at F. W. Weissman's store, 114 West Fourth street, or at the office of the architect, Norman F. Marsh, Room 213 Broadway Central building, Los Angeles. All bids must be delivered sealed and shall be accompanied by a certified check equal to five per cent of the amount of the bid, made payable to the treasurer of the building committee, J. G. Quick. Bids must be filed with the secretary of the committee on or before 7:30 p.m. the 12th day of February, 1912, at which time said bids shall be opened at the church.

The committee reserves the right to reject any or all bids.

By order of the committee. GEO. F. HEIL, Sec.

AMUSEMENTS

Grand Opera House

The career of "Paid in Full," Eugene Wallace's drama of real life of today, presents a group of strikingly interesting facts unparalleled in the theatrical history of the world, proving that this play has a greater hold on public favor than any ever offered on the American stage.

"Paid in Full" scored a record run of two years in New York, and is the only drama that has ever lasted through a summer in New York. It is the only play that has ever run an entire summer in New York and Chicago.

"Paid in Full" is now in only its second season outside of New York, for during its first year it was presented exclusively on Broadway. Therefore last season was its first through the country, yet up to last May this play had been seen by two millions, five hundred thousand persons, three times the number that has ever attended any other play in a like time.

The play appears at the Grand Opera House tonight, Jan. 17.

QUAKER CITY PELT IRISH PLAYERS IN "PLAY-BOY"—ARRESTS

PHILADELPHIA, Jan. 17.—A rain of eggs greeted the Irish players again last night when they attempted to present the "Play-Boy of the Western World" at the Adelphi theater. Before order had been restored, so that the performance could proceed, the police had made eighteen or twenty arrests.

A man arose in his seat and protested mildly against the continuance of the play. Ten others arose and added their protests. All were carried bodily from the theater. The playhouse thus being devoid of police, the other conspirators let the eggs fly. The players took to the wings, and the battle in the aisles commenced. It was half an hour before the house had been cleared. The police were still making arrests at midnight.

ALTITUDEOUS NEW YORK WHOLESALE PRICE FOR BUTTER

NEW YORK, Jan. 17.—The wholesale price of butter was 42 cents per pound on the mercantile exchange yesterday, the highest figure in twenty-eight years. Retailers over the city ask varying prices, but 51 cents was asked in many stores and 52 in others.

It is generally predicted before the week is out that butter will reach a price higher than any ever known in the United States. Dealers attribute the shortage to the long drought of last spring, the continued cold weather and to the fact that a great many cows died as a result of the heat of last summer.

OLD DOMINION PLANS PANAMA FAIR EXHIBIT

RICHMOND, Va., Jan. 17.—A bill providing for an appropriation of \$75,000 for a Virginia exhibit at the San Francisco-Panama exposition has been introduced in the house of delegates of the Virginia general assembly by Delegate A. B. Banks of Norfolk. The bill was referred to the committee on private and special legislation.

The details of the exhibit have not yet been gone into but if the appropriation is made, the display will be one which will show the state's wonderful resources in coal and other minerals, timber and agriculture.

CIRCULAR SETS FORTH PLANS OF COUNTY TRIANGLE LEAGUE

Planned to Better Students—Spelling
Matches and Track and Field
Meets to be Held

R. J. Hamilton, county Y.M.C.A. secretary, has issued a circular explaining the plans of the Orange County Triangle League, which aims to do Y.M.C.A. work among the schools of the county.

The executive committee of the league is: R. P. Mitchell, chairman, county superintendent of schools; R. J. Hamilton, secretary-treasurer, county secretary of Y.M.C.A.; L. A. Durfee, Orange, principal of schools; G. W. Crozier, Huntington Beach, principal of schools; J. R. Parker, Fullerton, principal of schools.

The circular states: The Triangle League is composed of such pupils of the schools of Orange county as are in harmony with the object of the league, and sign the agreement, and pay the annual dues. No pupils below the sixth grade are eligible for membership.

The object of the league is to encourage the all-around development of the pupils of the schools, and to discourage the use of tobacco, liquor and profanity.

How It is Governed

The league is governed by a teachers' council composed of the teachers of the sixth, seventh and eighth grades of the county, the principals of schools, city superintendents, the county superintendent, and the county secretary of the Y.M.C.A. This council shall meet during the session of the Teachers' Institute to hear reports and outline plans. All business matters of the league between meetings of the council shall be looked after by an executive committee consisting of the county superintendent of schools as chairman, the county secretary of the Y.M.C.A. as secretary-treasurer, and three others appointed by the chairman. The officers of the executive committee shall also be officers of the council, and of the league.

The emblem of the league is the equilateral triangle, signifying the equal development of muscle, mind and morals.

Members become such by signing the agreement and paying the dues. Boys of the sixth, seventh and eighth grades are eligible as active members.

All teachers, principals, and superintendents, and all girls of the sixth, seventh and eighth grades are eligible as honorary members.

Any person outside of the above mentioned classes may become a contributing member by signing the agreement and contributing some amount in addition to the regular membership dues.

The annual dues are five cents for the calendar year. This should be sent by the teacher together with the signed cards to the secretary-treasurer or the chairman.

Each member is entitled to one of the badges of the league.

Triangle Day

Each school is asked to observe the fourth Friday of January as Triangle Day, and plan for a special program to emphasize the three-fold object of the league, tell of the plans for the year, and secure enrollments.

Wherever possible a doctor, or some other outside speaker should be secured to speak on the effects of tobacco and alcoholic liquors.

The executive committee shall plan a track and field meet for active members in the seventh and eighth grades, and for a spelling contest open to all members in the sixth, seventh and eighth grades. Banners, badges or other awards shall be given to the winning schools, teams, and contestants as deemed advisable.

Members violating the agreement of the league shall be suspended from all privileges until they have resigned the agreement and kept the same for at least three months.

The Agreement

"As a member of the Triangle League of Orange County I shall do my best to build up a strong body, a clear mind, and an upright moral character; to aid in these purposes I promise not to use alcoholic li-

quors or tobacco in any form before reaching the age of eighteen years. I shall also try to discourage the use of profanity and bad language among my schoolmates."

Signature

Date

Spelling Contest
The annual spelling contest for members of the Triangle League in the sixth, seventh and eighth grades shall be held on the second Saturday of May at 10 o'clock in the morning in Santa Ana, the place to be announced later.

The best boy speller in a school chosen from the members in the sixth, seventh and eighth grades, and the best girl speller in the same grades shall be eligible to represent their school in the spelling contest.

Awards

A beautiful banner shall be given to the school from which the pupil comes who wins the spelling championship. A silver cup shall be given the girl contestant and one to the boy contestant who remains standing longest in the contest. Each contestant shall be given a ribbon badge as a souvenir.

Each school shall hold a preliminary contest to select the school representatives, using the rules of the final contest, the same being held between the 15th and 20th of April. As soon as the representatives of the schools are chosen, the names shall be sent to the chairman of the league, same to be in his hands not later than the third day of May.

Rules for the Spelling Contest

1. The words to be spelled in the final contest shall be chosen from the State Speller, book 2, beginning at page five, and taking the words in order, omitting words used to define or illustrate the use, or words used in sentences in the speller.

2. The pronouncer shall pronounce the word twice, if necessary, and when it admits of two spellings accept either.

3. The pupil may pronounce the word before spelling it, and when once started spelling the word shall not be allowed to repeat or be given a second chance on the word or any part thereof. Violation of this will be counted as a miss.

4. When a pupil misses a word he shall be seated and is out of the contest.

5. When a word has been given to the contestant whether spelled correctly or missed, it shall not be given to any other, nor shall any word following two or more ways of spelling be pronounced to a second contestant.

6. Three judges shall be chosen for the contest, who shall choose one of their number to act as pronouncer. They shall decide all questions during the contest. These shall be appointed by the executive committee.

7. The boy representatives of the schools shall be divided into two groups by lot, and the same for the girl representatives and the four in each group who remain standing longest shall enter the final contest. The same rules which govern the final shall be used in these group contests. The group contest shall close when only four remain standing.

8. In the group contests and in the final contest each contestant shall be supplied with a number which he shall wear and by which alone he shall be known by the judges until the contest is ended.

9. The contest shall be conducted on the time basis, using periods of ten minutes each. At the end of each period all pupils who have missed shall be excused from the platform.

10. Other rules shall be adopted as necessary by the executive committee.

Track and Field Meet

The annual track and field meet of the league shall be held on the afternoon of the same day as the spelling contest, the second Saturday in May, beginning at 2 o'clock.

The events for active members in the seventh grades shall be the hundred yard dash, high jump, and baseball throw for distance; for active members in the eighth grade, hundred yard dash, high jump, broad jump, and baseball throw for distance. Each school shall be entitled to enter a relay team of eight boys for the mile relay race.

Awards

A beautiful banner shall be given to the school whose contestants win the most points in the meet. The first four winners in each event shall be awarded points of five, three, two, and one respectively to count toward the school championship. These place winners in the meet shall be given an appropriate recognition or award.

Each school shall be entitled to enter one or two representatives in any event.

Each school shall arrange for its own preliminary meets to select its representatives in the various events.

Rules for the conduct of the meet shall be announced as deemed best by the executive committee.

All names of contestants shall be sent to the chairman or secretary of the league between the 15th of April and the third day of May. Blanks for such entry will be furnished.

Markets Classified "Adv's" and Business Cards

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

New York
NEW YORK, Jan. 16.—No sale of California citrus fruits held here today, owing to severe cold weather.

Philadelphia
PHILADELPHIA, Jan. 16.—One car navel oranges sold, also one car Florida oranges. Floridas sold from \$1.50 to \$2.15; average, \$1.95. The market is steady.

Naples—Glendora Alps, A. C. G. Glen \$2.15.

LOS ANGELES PRODUCE MARKET

With the exception of eggs and vegetables the market showed no change over the first of the week. The egg market on fresh stock was advanced 1 cent. Case counts sold at 31 cents and candied eggs went to 35 cents a dozen. Storage and pullets eggs were not affected, but were firm at quoted figures. Arrivals were 234 cases.

While no change in quotations was shown in the vegetable market the situation was one of firmness along down the list. Considerable cauliflower was shipped out. Tomatoes were in heavy demand up to \$1.50 a lug box.

There were no changes in butter. The market was about steady. A decline would not be unlooked for, due to heavy receipts and a rather indifferent demand. At this date a year ago creamery extra sold at 33 1/2 cents as compared with the present quotation of 37 1/2 for the same grade. Cooking butter, quoted at 25 cents, was offered at 19 cents with no takers. Arrivals were 42,904 pounds.

Cheese was rather a slack commodity on the street. There were only a few sales of northern fresh and at unchanged prices. Receipts were 7563 pounds.

There was an advance of 15 cents on Longport potatoes and 40 cents a hundredweight on the best Salinas. The former sold yesterday from \$2.25 to \$2.50 and the latter sold at the same figures. Arrivals were 2569 sacks.

The onion market showed firmness. With very limited receipts for the past few days the market seemed to gain strength. Prices were held at quoted figures. Receipts were 10 sacks.

The bean market was again in good shape and with only 3 sacks reported in, the market was held very firm on most varieties.

Sweet potatoes were in good demand. No change was recorded in this market, the stock moving from \$2 to \$2.50 a hundredweight. Arrivals were 186 sacks.

The only fruit that there was any demand for was that of apples. Several new varieties arrived on the market and moved out well; these were the Ben Davis variety which sold from \$1.50 to \$1.65 a 4-ter box, and Yellow Newtons which were held at \$1.75 a box.

Santa Ana Painless Dentists. 102 1/2 East Fourth St. Main 253.

LEGAL NOTICES

ADVERTISEMENT OF APPLICATION

In Re Application of Anaheim Union Water Company for Franchise to Lay Water Pipe Along Placentia Avenue.

Before the Board of Supervisors of the County of Orange, State of California. Notice is hereby given and advertisement made that Anaheim Union Water Company has applied to the Board of Supervisors of Orange County for a franchise and right to lay, maintain, and operate in said County of Orange, along the south line of Section 35, Township 2 South, Range 10 West, S. B. M., to the quarter-section line running East and West through the center of Section 35, in said Township and Range, a reinforced concrete pipe 24 inches in diameter, the top of the pipe to be laid at least 2 feet underground for conducting water for irrigation and domestic use.

That it is proposed by said Board of Supervisors to grant to said company, that it will be awarded to the highest bidder, that the term for which said franchise is to be granted is fifty years; that sealed bids therefor will be received up to the 14th day of February, 1912, at the hour of the opening of said bids, that the successful bidder, must, during the life of said franchise, pay to the County of Orange two per centum of the gross annual receipts of the person, partnership, or corporation to whom the franchise is awarded, arising from its use, operation, or maintenance. A percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually to the highest bidder. If payment is not made, said franchise shall be forfeited.

That said franchise will be struck off, sold, and awarded to the person, firm, or corporation who shall make the highest cash bid therefor; provided, only that at the time of the opening of said bids, any responsible person, firm, or corporation present or represented may bid for said franchise or privilege a sum not less than ten per centum above the highest sealed bid therefor; and said bid may be raised not less than ten per centum by any other responsible person, and said bidding may not continue until finally said franchise shall be struck off, sold, and awarded by said Board of Supervisors to the highest bidder.

That said franchise shall be accompanied with cash on check, payable to the treasurer of said Orange County, for the full amount of said bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith and the successful bidder shall deposit at least ten per centum of the amount of his bid before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the highest bidder, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per centum of the amount of his bid, the remaining ninety per centum of the amount thereof, and in case he or she shall fail to make such deposit, the said franchise shall be struck off, sold, and awarded to the highest bidder, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder shall fail to deposit with the County Clerk of Orange County the remaining ninety per centum of the amount thereof, the award to him of said franchise shall be set aside, and the deposit therefor shall be forfeited, and no further proceedings for a sale of said franchise shall be had unless the same shall be readvertised and again offered for sale, in the manner hereinbefore provided.

That the purchaser of said franchise, upon the completion of said work, shall leave, and thereafter maintain, the highway over which said proposed franchise is to be granted, in as good condition as at the beginning of said work; and during and subsequent to the construction thereof, said purchaser shall be responsible for all damages which may accrue to the County of Orange or any person by reason of the construction, maintenance, or operation of said pipe line.

In witness whereof, by order of said Board of Supervisors, I have hereunto subscribed my name this 10th day of January, 1912.

W. B. WILLIAMS,
County Clerk of Orange County and ex-officio Clerk of its Board of Supervisors.
